I didn't know that I would love you like I do
I didn't think that I was ready to
But there's something about the way you take my hand
It's like I never touched a man

And it's a beautiful thing
You make me shy and
You make me proud
It's a beautiful thing
You make me laugh out loud
And when you pull me to you I unravel

I didn't know that love would fill me up so good
I tried before but then you know it never would
But there's something about the way you call my name
Now I'll never feel the same

And it's a beautiful thing
You make me shy and
You make me proud
It's a beautiful thing
You make me laugh out loud
And when you pull me to you I unravel

And when you hold me I feel more and more a woman
I never knew that I could feel so free
And when you hold me I feel more and more a woman
I never knew that I could feel so free

And it's a beautiful thing
You make me shy and
You make me proud
It's a beautiful thing
You make me laugh out loud
And when you pull me to you

And it's a beautiful thing
You make me shy and
You make me proud
It's a beautiful thing
You make me laugh out loud
And when you pull me to you I unravel

I didn't know that I would love you like I do
I didn't think that I was ready to
