What will you do now everyone has gone home?  
Leaving in quiet and leaving us to be alone  
I waited too long to say  
I tried to pretend, I only want you to stay

If just for tonight  
Don't let me go, I won't mind it  
Maybe it's right, we will never know  
I don't mind it

The day is through now, doesn't feel right  
I can't stand the quiet so I lay awake all through the  
night  
We'll journey on and just let it play  
Don't ever let it end, I only want you to stay

If just for tonight  
Don't let me go, I won't mind it  
Maybe it's right, we will never know  
I don't mind it

Wait for a moment  
But there's nothing that I can say to you  
So go if you wanna  
There's nothing left for me to do

If just for tonight  
Don't let me go, I won't mind it  
Maybe it's right, we will never know  
I don't mind it

If just for tonight  
Don't let me go, I won't mind it  
Maybe it's right, we will never know  
I don't mind it

I don't mind it  
I don't mind it  
I don't mind it
