I bet you've got something else to say to me
This time don't you
You're running out of excuses
This is the last chance for you

And you know that you're never going to make it on
your own
Yeah you know that your never going to make it on your
own

And I'm not gonna take it
Cause I'm so sick and tired of you lying
And I'm not sure if your trying
For me anymore

Tell me a story you know isn't true
Cause I'll find it amusing
You might be into the games that we play
But I don't like losing

And you know that you're never going to make it on
your own
Yeah you know that your never going to make it on your
own

And I'm not gonna take it
Cause I'm so sick and tired of you lying
And I'm not sure if your trying
For me anymore

And you know that you're never going to make it on
your own
Yeah you know that your never going to make it on your
own

And I'm not gonna take it
Cause I'm so sick and tired of you lying
And I'm not sure if your trying
For me anymore
