I bet you've got something else to say to me  
This time don't you  
You're running out of excuses  
This is the last chance for you

And you know that you're never gonna make it on your  
Own  
Yeah you know that your never gonna to make it on  
your  
Own

And I'm not gonna take this  
Cause I'm so sick and tired of you lying  
And I'm not sure if your trying  
For me anymore

Tell me a story you know isn't true  
Cause I'll find it amusing  
You might be into the games that we play  
But I don't like losing

And you know that you're never gonna make it on your  
Own  
Yeah you know that your never gonna to make it on  
your  
Own

And I'm not gonna take this  
Cause I'm so sick and tired of you lying  
And I'm not sure if your trying  
For me anymore

And you know that you're never gonna make it on your  
Own  
Yeah you know that your never gonna make it on your  
own

And I'm not gonna take this  
Cause I'm so sick and tired of you lying  
And I'm not sure if your trying  
For me anymore
