Was that supposed to mean you're making no sense?
Drinking all the time but now your just repeating
yourself,
Was that supposed to mean I think you might of made
a mistak?
Your eyes appear to be closed but I know that you're
still awake.

Keep on your dress girl it's okay (That's not the thing
you need now),
That's not what I was going to say (I guess I'll take my
leave now),
Keep on your dress girl it's okay (That's not the thing
you need now),
Cause that's not what I was going to say (I guess I'll
take my leave now).

Was that supposed to mean oh hear we go you're
going to cry?
That used to work on me but this time it is still
goodbye,
Was that supposed to mean you're making no sense?
Drinking all the time but now you're just repeating
yourself.

Keep on your dress girl it's okay (That's not the thing
you need now),
That's not what I was going to say (I guess I'll take my
leave now),
Keep on your dress girl it's okay (That's not the thing
you need now),
Cause that's not what I was going to say (I guess I'll
take my leave now).

I think it's time that we were going now don't you?
Leave with some dignity please darling won't you?
I think it's time that we were going now don't you?
Leave with some dignity please darling won't you?

Just Keep on your dress girl it's okay (That's not the
thing you need now),

That's not what I was going to say (I guess I'll take my
leave now),
Keep on your dress girl it's okay (That's not the thing
you need now),
Cause that's not what I was going to say (I guess I'll
take my leave now)
