What were you doing in my dream last night  
Honey?  
Well I thought I locked that door up tight,  
Baby.  
Well it's a mystery to me  
How you keep on slippin'  
In my mind?  
And it's downright dirty that this 'ol wound  
Won't heal with time

Well you could wash my brain  
You could tear out my heart  
But I would never forget you  
(never?)  
You could change my name  
I could make a new start  
But I would never forget you  
(never?)

And it's kill? kill.. killin' me  
It's Kill Kill Kill Kill Killin' me  
That I'm still in love with you

Just when I think, I've got you in safe keeping  
That's when your memory, it comes round creepin'  
Well it's an ache I can't shake  
It's crept down deep down to my core  
But babe I can't fake it, I can't take this heartbreak  
Anymore?.

Well you could wash my brain  
You could tear out my heart  
But I would never forget you  
(never?)  
You could change my name

I could make a new start  
But I would never forget you  
(never?)

And it's Kill? Kill.. Killin' me  
It's Kill? Kill?. Killin' me

That I'm still in love with you

(it's killin?. Me)

I asked you please to leave my heart  
But you refused to go  
I can't take this pain much longer  
You insist on teaching me what I already know  
Absence made this heart grow fonder

Ahh?

[meow]  
Well you could wash my brain  
You could tear out my heart  
But I would never forget you  
(never?)  
You could change my name  
I could make a new start  
But I would never forget you  
(never?)

And it's Kill? Kill? Killin' me  
It's Kill? Kill? Killin' me  
That I'm still in love with you?.
