Maybe you like the chains  
Maybe you like the grace  
To see this for what it really is

Baby, I need some space  
'Cause love I can see your face  
So close to mine, close to mine

I need you to just be patient  
I need you to just be patient  
Love, love, love

Baby, don't take my heart  
'Cause it's the only part  
That is my own, is my own

Baby, you need my cry  
Darlin' just know that I  
Sometimes need to be alone

I need you to just be patient  
I need you to just be patient  
Love, love, love

I need you to just be patient  
I need you to just be patient  
Love, love, love
