Don't you walk away from me.
Because I know that this is where you want to be.
I will listen to your stories.
But do you think I will want to heal?

Oh the way the way the way you talk about her.
Oh the way you look at me.
Oh the way the way you hear my whispers.
Oh the way the way the way.

And all I want is what I cannot have.
Why does it always seem to be this way?
Oh, I will take what you give, take what you give to me.
But it's not good enough, not good enough.

Oh I want the way the way you talk about her
To be the way the way you talk about me.
Oh the way the way you give yourself free.
Oh the way the way the way.
Yeah

When will I ever learn?
The one thing that draws me near to you.
For peace is not out of my reach.
Just drawn inside until I open my eyes.

I know the way I always do this to myself
Only makes it harder.
But I love the way the way you give yourself free.
Oh the way the way the way.

Oh I want the way the way you talk about her
To be the way the way the way you talk about me.
Oh the way the way you give yourself free.
Oh the way the way the way.
