Crying over the one
Who was long time ago gone
Denying your destination
Until there's no where to run

Behind those innocent eyes
You have how many hidden lies
The secrets lead me to dispare but
Now, I am done being despised

I tried to forget
Clear the memories
But you never get out of my mind
The goodbye is hard
When it's time to let go
It's time for the end
Though I hate it so

Crying over the one
Who for sure will never come
You cannot accept the truth
When he leaves before he comes

Not knowing is my curse
Nothing is worse than how it hurts
You never gave me a chance
So I decided to let go... but

I tried to forget
Clear the memories
But you never get out of my mind
The goodbye is hard
When you have to let go
It's time to move on
Though I hate it so
