I cannot spend another night in this home
I close my eyes and take a breath real slow
The consequence is if I'm alone
But what's the difference when you beg for love
As I run through glass in the street
Kerosene hearts carry the name that my father gave
me
And take the face of the wole
Cause this is a wasteland, my only retreat
With heaven above you, there's hell over me
I met a girl who never looked so alone
Like sugar water in your mouth, luke warm
She tied a cherry stem for me with her tongue
We fell in love and now we're both alone
'Cause I don't need any more friends
And another kiss like a fire on pavement
We'll burn it down till the end
This is a wasteland, my only retreat
With heaven above you, there's hell over me
The water is rusted, the air is unclean, and there for a
second I feel free
'Cause this is a wasteland, my only retreat
I've waited all this night to honor you and say,
"I know it's hard, but who are you to fall apart on me."
'Cause this is a wasteland, my only retreat
With heaven above you, there's hell over me
'Cause this is a wasteland, my only retreat
With heaven above you, there's hell over me
You said what about us, well what about me?
Hang from the gallows, asleep in the rain
'Cause this is a wasteland, my only retreat
Paralyze me
Don't let me fall
