I cannot spend another night in this home  
I close my eyes and take a breath real slow  
The consequence is if I leave I'm alone  
But what's the difference when you beg for love?

As I run through glass in the street  
Kerosene hearts carry the name that my father gave me  
And take the face of the wolf

'Cause this is a wasteland, my only retreat  
With heaven above you, there's hell over me

I met a girl who never looked so alone  
Like sugar water in your mouth lukewarm  
She tied a cherry stem for me with her tongue  
We fell in love and now we're both alone

'Cause I don't need any more friends  
And another kiss like a fire on pavement  
We'll burn it down till the end

Oh, oh

This is a wasteland, my only retreat  
With heaven above you, there's hell over me  
The water is rusted, the air is unclean  
And there for a second I feel free  
This is a wasteland, my only retreat

I waited all this night to honor you and say  
"I know it's hard, but who are you to fall apart on me"

This is a wasteland, my only retreat  
With heaven above you, there's hell over me

'Cause this is a wasteland, my only retreat  
With heaven above you, there's hell over me  
You said What about us well, what about me?

Hang from the gallows asleep in the rain  
Cause This is a wasteland, my only retreat  
Paralyze me don't let me jump don't let me fall
