I can't wait to see your brilliant face,
Light up the room around the pillowcase
(She said) can you come over to my LA place,
Got something to tell you and it just can't wait!

When I showed up, you held the door in tears
Sat on the couch under the chandelier
You said, you're having a baby and before I could cry,
You're leaving me just when I thought you were mine

But I don't see your face
Taken by the one-hearted race?
Home now but don't tell your other man
I've got a hell of a plan

Failing lights!
Amass that's one hundred sleepless nights
And I might be holding on too tight
But there is a beast in my heart and he won't let you
leave alive

Nightmares, no longer wait for sleep
Crawl on the ground, on both your hands and knees
Just like a lion and you're the queen of the pride
And we will feast together till the bones are dry!

But I don't see your face
Taken by the one-hearted race?
Home now but don't tell your other man
He's not part of the plan

Failing lights!
Amass that's one hundred sleepless nights
And I might be holding on too tight
There's a beast in my heart and he won't let you leave
alive!

Do you still love me?
I am dying to know!
Or did you forget what we shared?
Out of sight, out of mind,
I was never even there!

Failing lights!
Amass that's one hundred sleepless nights
And I might be holding on too tight
There's a beast in my heart and he won't let you leave
alive!

This is the price you'll pay
Thoughts in your head that will never leave.

So don't you forget what we had
It's like I was never even there!
