I still remember the night you tried to kiss me through
the window.

I tried to settle for the taste of touching glass over the
sound of

Answering machines, because I love the way your voice
It says it's gonna get back to me someday.

As I brace my knees you hold me down with your eyes.

Someday I'll drive, close both my eyes.

We'll swim in circles in the blue lights,
It's gonna be the best day of my life.

Oh my God

You'll never be as beautiful without me.

Beauty needs an animal to breathe,

And baby you'll be alright as long as I'm not.

So do that dance in the dark,

Sharpen your teeth and bite as hard as you want.

Someday I'll drive, close both my eyes.

We'll swim in circles in the blue lights.

And I just want to fade away into the sky under the sea.

A million kisses underwater as we walk into the ocean.

Oh no

And this is gonna be the best day of my life,

A celebration of an ending.

Come on!

And do you really trust your tongue or did you bury the
taste?

And is this fantasy real, or is it all home-made?

And did you call me last night just 'cause you couldn't
get laid?

Ladies and gentlemen, I introduce the selfish machine.

Do you think you're the only one?

Do you think you're the only one?

Do you think you're the only one afraid of this machine?

Someday I'll drive, close both my eyes.

I'll be your breath if you can be mine.

And I just want to fade away into the sky under the sea.

A million kisses underwater as we walk into the ocean
waves. Oh no
1, 2. 1, 2, 3, 4!

Do you see me at all under the tall waves?
Do you see me at all?
