She will walk out for the raindance
She don't wanna hide behind the clouds

Rain keep on falling
Times when the sun never will shine
Rain keep on falling
In these days of commandment force in the kingdom
of my
Brain

Lights in split city
No haze around the eyes
Controlled by the middle-cradle
Shapes of confusion
But nothing to disguise
Born is a misfitter
Or he's the encore

She will walk out for the raindance
She don't wanna hide behind the clouds

Rain keep on falling
Times when the sun never will shine
Rain keep on falling
In these days of commandment force in the echo of my
Brain

She was of freedom
Our love will ever break
The stone had a zombie on my way

Where can I go
And where can I hide
All this talk and these lies
And this blowing our cage

She will walk out for the raindance
She don't wanna hide behind the clouds

Rain keep on falling
Times when the sun never will shine
Rain keep on falling

In these days of commandment force in the echo of my
Brain

Lights in split city
No haze around the eyes
Entertainment for the well-fare state
Who is production of light and cold dreams
Where in the end your reality's fate

Rain, rain
Destroy, destroy, destroy

Rain keep on falling
Times when the sun never will shine
Rain keep on falling
In these days of commandment force in the echo of my
Brain
