Long distance never works.
You're making a mistake.
Cut your losses and say goodbye,
Remove the stake.

They don't know our love.
Have they even tried
To risk, to fail, to right
The ends that come untied?

They don't feel how we do.
And we can't change our hearts
For theirs, Though times we want to.

And they don't think like we do
And we can't change their minds
Though times, again we try to.

Chorus: (x2)
We are two minds too far apart
Held hostage by our hearts

Long distance never works.
You're making a mistake.
So say goodbye.
No.

They don't know our love
They don't care enough to try,
To fix what they untie

They don't feel how we do
We can't change our hearts for theirs
Yet times,
Yes times we want to.

They don't think like we do.
We can't change theirs minds,
Though times again we try to.

Chorus: (x2)

We are two minds too far apart
Held hostage by our hearts

We are two minds (two minds)
We are two minds (two minds)

I love you
I'll see you in my dreams (I'll see you in my dreams)
