Not just that I want it all
I told you but I get out now
I need it more than you know
Soon you'll find out
I'm obsessive with excessive pleasure

Don't stop there 'cause I'm not done
If you can't give me everything
Than move aside for someone else
You're wasting my time here
I'm obsessive with excessive pleasure

Don't you know who I think I am?
Better give me all good things
That I will command
You can keep giving me
Keep giving me more
I still won't be yours
Three words telling shit to me
There's only one that matters
In my world, you see
You can keep giving me
Keep giving me
I still won't be yours

Need more than you know
I want it all
I want it all
Not just that

Not enough to satisfy
My hunger is insatiable
I've never heard the word "no" before
But that problem after
I'm obsessive with excessive pleasure

And tough luck if you can't keep up
With me the lights are turning green
Everywhere I go like a dream
Too good but it's true, Ñfou see
I'm obsessive with excessive pleasure

Don't you know who I think I am?
Better give me all good things
That I will command
You can keep giving me
You keep giving me more
I still won't be yours
Three words telling shit to me
There's only one that matters
In my world, you see
You can keep giving me
You keep giving me more
I still won't be yours

Need more than you know
I want it all
I want it all
Not just that
