I thought I could break the sound barrier just by trying to hit with focus and at random and never dying a waterfall flowing upstream only human I though I could break the sound barrier. I'm only stopping for heavy breathing I'm only stopping to hit the ground only stopping to regain feeling I'm only stopping to hit the ground. Keep my head up keep swinging and it'll come back to me a boomerang exploding I'm dancing in the karma seat the tinball fizzled pinprick and so free I thought I could break the sound barrier I'm only stopping for heavy breathing I'm only stopping to hit the ground only stopping to regain feeling I'm only stopping to hit the ground. I'm only stopping for heavy breathing I'm only stopping to hit the ground I'm only stopping to regain feeling I'm only stopping to hit the ground.
