6 Gig "Tincan Experiment"

Visit "Tincan Experiment" on MotoLyrics.com

Looking down on my home planet, what a lonely place to be. I said goodbye to all my family. I don't think I'll be home again in time to see them off to heavan from the places that I've been. It wasn't technically perfect. It couldn't have been any better. Falling faster and faster, I couldn't stop her momentum. I couldn't stop her from laughing. I wish that I had seen it coming. I wish that I had seen it coming. Your little girl keeps asking for you and all your mom can do is cry and yeah I'm doing just fine. I don't know why I'm writing to you. It makes it feel like you're coming home. I can't believe you left us all here. It's just like you died, with no funeral, no funeral.

It wasn't technically perfect.
It couldn't have been any better.
I'm falling faster and faster,
I couldn't stop her momentum,
I couldn't stop her from laughing.
I wish that I had seen it coming.
It wasn't technically perfect.
It couldn't have been any better.
I'm falling faster and faster,
I couldn't stop her momentum,

I wish that I had seen it coming.

I couldn't stop her from laughing.

I wish that I had seen it coming.

Na, na, na, na, na, na, na, na, na, na.

Na, na, na, na, na, na.

Na, na, na, na, na, na.

na, na.

Na, na, na, na, na.
