Tried to pull one over on you.

It didn't turn out the way I wanted it to.

But I'll try again,

and this time I won't give up,

this time I won't give up on you.

I will never compromise.

And I will never keep my promises to you.

I will lie to your face,

I will lie to your face,

I will lie.

Tried to pull one over on you.

It didn't turn out the way I wanted it to.

But I'll try again,

and this time I won't give up,

this time I won't give up on you.

I will never compromise.

I will never keep my promises to you.

I will lie to your face,

I will lie to your face,

I will lie.

It comes back around again.

It was...

I will never comprimise.

And I will never keep my promises to you.

I will lie to your face,

I will lie to your face,

I will lie to your face.

I will lie to your face,

Iwill lie to your face,

I will lie.

It comes back around again.

It comes back around again. It comes back around again. It comes back around again. It comes back around again. It comes back around.
