Base.

How low can we go?

Fuck the Beatles, I'm an animal

An upright ape with opposable thumbs

To hold the clubs

To hold the guns

Swing low sweet chariot

God bless my DNA

Drunk drive my Chevy to the levee

Let the flood come and sweep me away

No this ain't the apocalypse

It's the way shit has always been

From Sodom to Saddam

Attila to Tienenmen

A quarter million years of human being

A quarter million years as a human stain

We use ten percent of our gorgeous brains

And leave the rest up to cocaine

Lucy in the sky

Got her hands on a new shotgun

Lucy in the sky

Got her hands on a Remington

Lucy in the sky

Her shiny diamonds drenched in blood

And I know where the wild things are

Don't look far

Don't look far

'Cause I got wisdom in my teeth

And terror in my wars

Yes, I know where the wild things are

Don't look far.

Don't look far.

There's a reason that it's hard to look in the mirror.

There's a reason that it's hard to go to the zoo

And there's a reason you want to pry open the cage

See, you should be there, too.
