I think she likes me
I think she likes me
I think she likes me
I think she likes me

She smiles at me because i keep staring at her
I don't know she ..first to speak aha
I'm pumpin words tryin so hard to beat my nerve
I could be the guy that she deserve deserve
She's i turn out to be

Don't you be shy on
But ,
Just take my love in advance
You should give me a chance

Chorus:
I think she likes me
Yeah i think she likes me
She just hasn't layed up her mind her mind her mind
Might be unlike me but i think she likes me
It's only a matter of time before i make her mind
I think she likes me
I think she likes me
I think she likes me
I think she likes me

It's been 2 days i got so much i wanna say
Everytime i telephone rings is it her is it her
Her voice is soft talk for an hour don't wanna get off
Let' take a walk and just get lost
As a .. in love

Don't you be shy on
But ,
Just take my love in advance
You should give me a chance

Chorus:
I think she likes me
Yeah i think she likes me

She just hasn't laid up her mind her mind her mind
Might be unlike me but i think she likes me
It's only a matter of time before i make her mind
I think she likes me
I think she likes me
I think she likes me
I think she likes me

When you're near
I don't have a care
So long as you here
I don't have a worry in the world
And appears you will race up all my fears
Where have you been all these years

Don't you be shy on
But ,
Just take my love in advance
You should give me a chance

[Chorus:]
