When I get older
Feelings get colder
But I will promise you
You're always in my heart

Goodbye tomorrow
Hold back my sorrow
Feeling like heaven
When you're close (when you're close)
When you're close to me

But I can't give you anything but love
Oh that's for sure
I can't give you anything but love
You can't ignore
Come take my heart for granted
And give me all your heart
Baby will you trust me
Right here from the start

Which way your going
Your love is growing
After the lights go down
Your always in my heart

Love is like fire
An endless desire
After the curtain falls
I kiss away (I kiss away)
I kiss away the pain

But I can't give you anything but love
Oh that's for sure
I can't give you anything but love
You can't ignore
Come take my heart for granted
And give me all your heart
Baby will you trust me
Right here from the start

But I can't give you anything but love
Oh that's for sure

I can't give you anything but love
You can't ignore
Come take my heart for granted
And give me all your heart
Baby will you trust me
Right here from the start

Which way your going
Your love is growing
