"New Breed"

Well gather around girls, and take a look at me,
'Cause I got something that you gotta see

CHORUS

You can call me for whatever you need,

I was a part of the new breed

Part of the brand new breed

I got 2 strong arms, which used to hold you tight

I got some good love, and it's outta sight

CHORUS

Hey now mama, now let me be a man

'Cause I got a thing going, fed up, and hold up your
act, hey

You make the sunshine, up from the pouring rain,

'Cause I got the power, to do anything

CHORUS

Hey now mama, now let me be a man

'Cause I got a thing going, fed up, and hold up your
act, hey

You make the ships sail, on the job my them.

'Cause I got the power, to do anything

CHORUS
