I can't wait forever
Even though you want me to
I can't wait forever
To know if you'll be true

Time won't let me, oh no
Time won't let me, oh no
Time won't let me wait that long

Can't you see I've waited too long
To love to hold you in my arms

Time won't let me, oh no
Time won't let me, oh no
Time won't let me wait that long
Wait that long

I can't wait forever
Even though you want me to
I can't wait forever
To know if you'll be true

Time won't let me, oh no
Time won't let me, oh no
Time won't let me wait that long

I can't wait that long
I can't wait that long
I can't wait that long
Don't wanna wait that long

Not gonna wait that long
For you lovin' baby, baby
Not gonna wait that long
