In the city in the rain you've got a beautiful face.  
In the city in the rain you vanish without a trace.  
In the city in the rain you've got mysterious ways.  
In the city in the rain I'm gonna spend all my days.

I think I'm gonna dance all night long.  
I think I'm gonna dance till the moon goes down.

In the city in the rain, inside a smoky cafe.  
In the city in the rain you tell me that you'll stay.  
In the city in the rain you suddenly slip away.  
In the city in the rain I'm gonna spend all my days.

Chorus

In the city in the rain I hear the screaming of tires.  
In the city in the rain I'm setting myself on fire.  
In the city in the rain, among the beautiful lights.  
In the city in the rain I think I'll dance all night.

Chorus
