Walk just behind me
In my shadow
Walk just behind me
Never stray

The sun is setting
Mountains on fire
We're so alone here
Don't go far

Sing a lullaby, sleep now
It's just a dream, sleep now
This can't be real, sleep now

The starlight marks
The path of the fearful
The ice caves glitter
In the dark

They're coming fast now
Blood on the snow
He holds her hand
Shuts her lifeless eyes

It's just a dream, sleep now
This can't be real, sleep now
The cold invites, sleep now

Open wide the gates
Horns sound from the bay
Open wide the gates
Don't look back in vain

You are like a swan
Trapped in ice
Beautiful, strong
And now I'm alone

This can't be real, sleep now
The cold invites, sleep now
I've found my peace, sleep now
