They say that I'm dangerous
Like everything I touch it falls apart
If I were to tell, they'll kill me now
So I am cut to the chase

I used to wish on a star but nowadays I need space:
Satellites
See the black shades white chain, flashing lights
Never thought I could do this low in the highlights
So I asked Phyllis if I could spend another day in
paradise
It's the heaven for the gorem 27
Could it be three years that I'm jammin' with legends?
I got thousands of fans, I don't get the obsession
There's a nice guy inside, I guess I've never met him

I could buy a fast car
But not even an aeroplane can seem to get me out of
here
The pressure and the stress are both dying to see the
end of me
And the man in the mirror is looking at me like an
enemy

Whoa
What doesn't kill you makes you stronger every time
Whoa
Don't let em tell you how to live your life

They say that I'm dangerous
Like everything I touch it falls apart
If I were to tell, they'll kill me now
So I am cut to the chase

Cause I'm living like a Rockstar
I ain't afraid to die young
Cause I be living like a rockstar
I blow up a million miles away

Uhh Ohh Ohh Uhh Ohh Ohh Uhh Ohh Ohh
Chicka BANG BANG

Uhh Ohh Ohh Uhh Ohh Ohh Uhh Ohh Ohh
Chicka BANG BANG

Mama always told me there's someone looking over
me
Think she meant the guy with the camera tryna follow
me
Be careful what you wish for, cause the truths a little
different
If the guardian's my angel, I wish sometimes he would
call to me
Then everything's all public, but I didn't prepare
I get shok up everytime I'm in your bed
Put a star in the room, man I swear it changes the
atmosphere
Cause I'm a celebrity, can someone get me out of here

Whoa
What doesn't kill you makes you stronger every time
Whoa
Don't let em tell you how to live your life

They say that I'm dangerous
Like everything I touch it falls apart
If I were to tell, they'll kill me now
So I'm cut to the chase

Cause I'm living like a Rockstar
I ain't afraid to die young
Cause I be living like a rockstar
I blow up a million miles away

Cause I don't care, I don't care
Take me there, take me there
Na nan a I ain't scared, I ain't scared
Take me there
But I'm cut to the chase

You ain't a legend till your set in stone
But now your just flesh and bone
Just a little proud child bored at home
I'll be the best till my dying breath: Brian Jones
A wise girl once sang tears dry on their own
Fuck a moment of silence in my house
We shut the whole shit down for Winehouse
You, so I've got something to say
Take aim, pull the trigger
Cause your never going to blow me away

They say that I'm dangerous
Like everything I touch it falls apart

If I were to tell, they'll kill me now
So imma cut to the chase

Cause I'm living like a Rockstar
I aint afraid to die young
Cause I be living like a rockstar
I blow up a million miles away

Cause I don't care, I don't care
Take me there, take me thaere
Na nan a I aint scared, I aint scared
Take me there
But Imma cut to the chase
