You'll find what you're after
Lying on the pavement
You'll find what you're after
Lying on the pavement

You'll find what you're after
Lying on the pavement
You'll find what you're after
Lying on the pavement

You'll find what you're after
Lying on the pavement
You'll find what you're after
Lying on the pavement

You'll find what you're after

She steals a magic car
And drives across to your star
Climb into the seat
And sell control for life's speed

She sails a knife-grey sea
And careless, headless, lonely
Riding atop the sails
She spies the prow of your whale

Well, inside this tale
Your life for sale
Inside this tale

She stands outside these walls
The castle groans, the wind calls
"I can set you free
Throw wide your doors, release me"

The lives we lead
The lives we lead
The lives we lead

Falling phoenix ablaze in fire
It sends a warning as you climb higher

You pull the stars down, shed this veil
And tear my heart out, watch it fail

You'll find what you're after
Lying on the pavement
You'll find what you're after
Lying on the pavement

You'll find what you're after
Lying on the pavement
You'll find what you're after
Lying on the pavement

You'll find what you're after
Lying on the pavement
You'll find what you're after
