It's not sadness that sings a song that lets him breathe
A man who jammed the world down his sleeve
Fled on his back he fills the sky, now
With words that brought a tear to my eye

And tonight I'm catching angels
Singin' in my head
Please don't wake me
Save me tonight

Am I crazy or has the world turned upside down?
Eyes float until the sharks come around
There's one ship left on, sea
This coward held the gun in the breeze

Tonight I'm catching angels
Singin' in my head
Please don't wake me
Save me tonight

All of the time
I watch you unwind
I'm sick of the drink, but I'm ...
Goin' crazy
Alone in the cell
It's easy to tell
That all I've left
Is the faintest angel spell, no ...
But I'm ...
Crazy

Crazy...

Crazy...

And tonight I'm catching angels
Singin' in my head
Please don't wake me
Save me tonight
Come on
Come on, Love ...

And tonight I'm catching angels
Singin' in my head
Please don't wake me
Save me
You drove me
Crazy
