I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters
I be with my niggas, we be having paper

Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters

I be with my niggas, you can already see that
Pushing up by the dumpster, getting bread like a street
cat
I'm a street cat but a dog ass nigga, no pork on the fork
But a whole gas nigga
Dope that nigga, aim a couple rounds and it's certain in
your face
Matter fact, ball cap nigga
We all strapped, nigga, we don't fuck with kept niggas
We don't fuck with rat niggas
Only thing I fuck with is real entrep' niggas

I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters
I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters

Got a couple of diamonds, got a couple of nines
Got a couple of holes to get down
Got a couple of four fives, a couple of AR 15's
And getting street rounds
Get down me, when you hear this shit sound
Like a helicopter booming through the skies
Street rounds, and we aiming at your chest,
motherfucker
We be shooting at your eyes
Shoot in the skies and shooter in the skies

Double entendre, only spoke of the gun
When I run up a round you gotta get us a bond
You've got one of a bond, you live as hot as this on,
now
Hit thighs when I got the Glock two, boy, crime mob
nigga
Knock if you buck, boy

I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters
I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters

I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters
I be with my niggas, we be having paper
Putting out these scraps and we bussin' at these haters
Oh, lord, we be bussin' at these haters
Oh, lord, we be bussin' at these haters
