All of this is changing
None of this seems real
I just keep on waiting
To see if I can feel
Something like an angel watching over me
Maybe that's exactly what's in front of me

'Cause I'm better off now
Since you came around
You've gone and shown me
Everything I needed just to see that I am
Better off now
Since you came around
All I had to do is see what I could be
So I could know I'm
Better off now

I've wasted so much time now
Just to try and find
The answer to the question
I've tried so hard to hide
I never knew emotions
Could ever run this high
I was so far down

I lost the will to try

'Cause I'm better off now
Since you came around
You've gone and shown me
Everything I needed just to see that I am
Better off now
Since you came around
All I had to do is see what I could be
So I could know I'm
Better off now

Day after day
I threw it all away
I'm never turning back
That way again

'Cause I'm better off now
Since you came around
You've gone and shown me
Everything I needed just to see that I am
Better off now
Since you came around
All I had to do is see what I could be
So I could know I'm
Better off now
