Consumed by reputation
It's what they say that gets you down
You find new motivation
Inside this new love that you've found

It's now your navigation
To keep your head engaged, oh yeah
Your final destination
Keeps you focused on the win

Count me in, but don't count me out
You can't shut me up, you can't shut me down
Fight through the hurt, fight through the pain
Without the ache there is no gain
We live our lives for the love of the game

And we will rise, this is our time
Don't let the chances of our lifetime pass us by
And we will rise, this is our time
We'll give this everything we've got
For the love of the game

Reach for a new elevation
And see just how high we can go
Full blown determination
Will take us further than we know

My own anticipation
Keeps the fire from burning out
It's time for domination
No one will ever take us down

Count me in, but don't count me out
You can't shut me up, you can't shut me down
Fight through the hurt, fight through the pain
Without the ache there is no gain
We live our lives for the love of the game

And we will rise, this is our time
Don't let the chances of our lifetime pass us by
And we will rise, this is our time
We'll give this everything we've got

For the love of the game

'Cause I won't give up, I won't give in

Count me in, but don't count me out
You can't shut me up, you can't shut me down
Fight through the hurt, fight through the pain
Without the ache there is no gain
We live our lives for the love of the game

And we will rise, this is our time
Don't let the chances of our lifetime pass us by
And we will rise, this is our time
We'll give this everything we've got
For the love of the game
For the love of the game
