For all the people of the world that don't understand
Exactly what it is, we have here in this motherland
See the Father's hand started up a master plan
There's been many to the test of time, take a stand

But had they ran, who knows where we would be now?
I thank God, it's something I don't got to think about
Instead my thoughts are on the one who laid it on the
line
KIA gave their lives to let freedom shine

But in the meantime, I think of those of your kind
And wonder how it is, you get things so messed up
inside your mind
Just think a second, how long it's been goin' on before
you
They're the ones who even helped you have the right to
argue

Stop complaining, move along
Open your eyes, see what's goin' on
We need to get back to the ways of the days of old
One nation under God indivisible

All the people, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

The people of the nation, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

The other day I saw the news, somebody else
complaining
They want the motto taken off of the Benjamin Franklin
They got a problem with my God and that I believe in it
But they don't got a problem with the money, when they
spend it

They're so offended by four words that need no

explanation

In God we trust the motto of this greatest nation
Not just a motto, but something that we truly believe
If you don't like it, you can pack your bag and you can
leave

Stop complaining, move along
Open your eyes, see what's goin' on
We need to get back to the ways of the days of old
One nation under God indivisible

All the people, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

The people of the nation, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

All the people, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

The people of the nation, let me hear you give a holler
In God we trust, in God we trust
We stamp it on our penny, nickel, dime, quarter, dollar
In God we trust, in God we trust

One nation under God indivisible
In God we trust, in God we trust
You can't take back that, that was never yours
In God we trust
