And I don't ever wanna have to see you go
'Cause I don't ever wanna have to be alone
Little did I know I wasn't on my own
This is the only way I've found for me to show
Exactly how I feel

As you go, I will never say, never say die
Forever and ever I'll try
(Got to get it right)
Just between you and I
This could be the last goodbye

And I know that I will never ever find
Another one of a kind, a love redefined
Hold on tight to the one that lights your eyes
'Cause every single day we're running out of time
So I've got to find a way to show you how I feel

I'll never say, never say die
Forever and ever I'll try
(Got to get it right)
Just between you and I
This could be the last goodbye

(Got to get it, got to get it right)
Could this be
This could be the last goodbye
(Got to get, got to get it right)
This could be, could this be?
This could be the last goodbye

As you go, I'll never say, never say die
Forever and ever I'll try
(Got to get it right)
Just between you and I
This could be the last goodbye

(Got to get, got to get it right)
This could be, could this be?
This could be the last goodbye
(Got to get, got to get it right)
This could be, could this be?

This could be the last goodbye
