"Live For Him"

Give me a couple of minutes maybe one or two
to tell you 'bout the time I'm spendin with my crew
Traveling down the road on the way to the show
Fraff backseat scribin' writing words that'll flow
Bradley beats Kalel boomin' the bass
I'm a vessel of the spirit singin' in this place
We're battle soldiers caught in spiritual warfare
fightin for the souls of the lost in this dark nightmare
Eternal flames and the gnashing of teeth man
the thought of anyone there we just can't stand
Are you believing loving living / receiving his love ever
giving
We got this question for you to ask yourself over again
Are you gonna live in sin or are you gonna live for Him

We're gonna let you know we're gonna show you how
If you wanna live for Him you got to do it right now
You see it's written in stone that thou shalt not steal
that's why we're comin up out of our speakers
givin you somethin real. I feel good
and at the same time when we praise God
We make the crowd jump up we make your heads bob
I know you think you're okay
but you've never ever felt this way
I know you think you're okay
but you've never ever felt this way
I know you think you're alright
but you take him inside in spite
I know you think you're alone
but you're not so here we go
