We're gettin' started with a new song for our friends
Somethin' that can help us, we can always make
amends
It keeps on gettin' better than it ever was before
It keeps on gettin' better, Jah keeps openin' up doors

This song is for y'all people who are with us to the end
The Father, Son, the Holy Ghost, our family and our
friends
We love you and appreciate everythin' that you've done
I hope you think that it's not over 'cause we've only just
begun

Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do
Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do

Well now, we're packin' up our bags, we're headin'
through your town
We're gonna get those speakers pumpin', make sure
you get down
We're gonna do it all just like we did it once before
We're gonna keep on going, God's openin' up doors

This song is for y'all people who are with us to the end
The Father, Son, the Holy Ghost, our family and our
friends
We love you and appreciate everythin' that you've done
I hope you think that it's not over 'cause we've only just
begun

Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do
Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do

I love You for everything You are
And what You've given me
I love You for everything You are
And what You've given me

Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do
Reachin' out and walkin' with the ones I love
Is the only thing I ever wanted to do
