No matter how hard you try to  
You can't make the clock rewind to  
The moment that you lied to yourself  
It never really mattered how they felt

Your secrets and regrets  
Are keeping you from going very far  
And you can't let all this get you down  
And keep you living in the dark

'Cause all you're looking for is love  
You're living in the dark  
You just can't get enough  
Your secrets and regrets

You're holding on this pain inside you  
Can't seem to leave it all behind you  
Tomorrow it'll be today soon  
Don't wait until it's too late to move

Your secrets and regrets  
Are keeping you from going very far  
And you can't let all this get you down  
And keep you living in the dark

'Cause all you're looking for is love

You're living in the dark  
You just can't get enough  
Your secrets and regrets

How many times do you need second chances?  
Not everybody gets a another second chance  
How many times do you need second chances?  
Not everybody gets another second chance, second  
chance

Your secrets and regrets  
Are keeping you from going very far  
And you can't let all this get you down  
And keep you living in the dark

'Cause all you're looking for is love  
You're living in the dark  
You just can't get enough  
Your secrets and regrets

It's no more secrets, no regrets  
It's no more secrets, no regrets  
No living in the dark, no living in the dark  
No living in the dark, no living in the dark
