And I've made it so hard on myself
Turning my back on how You felt
Seeing a lie that led me on
And leaving a love that did no wrong
That's what it took for me to say

That You simply love
Despite all the stupid things I've done
It's hard to remember, that You simply love
Even though I know not what I've done
It's hard to remember, that You simply love

I've tried to do all this on my own
And not thinking once of what You've shown
All that I've done has blinded me
To everything that You have for me
I want You to know that I finally see

That You simply love
Despite all the stupid things I've done
It's hard to remember, that You simply love
Even though I know not what I've done
It's hard to remember, that You simply love

I don't know why I can't understand
And I don't know why I can't comprehend
And I don't know why I can't understand

That You simply love
Despite all the stupid things I've done
It's hard to remember, that You simply love
Even though I know not what I've done
It's hard to remember, that You simply love

Despite all the stupid things I've done
Is You simply love
Even though I know not what I've done
It's hard to remember, You simply love
You simply love, You simply
