Tell me when it's over
Never thought we'd be here
Moments passin' by
I'm losin' You

So much that I never knew
Couldn't bring it out to You
Caught up in the history
It won't let You go, go

When the sun comes up tomorrow
Will You be there? Will You be there?
If I fade away tomorrow
Will You be there? Will You stay here?

Tell me it's not over
I can't see it anymore
All the love is passin' by
I'm losin' You

Of all the things I ever said
Never been so much regret
Hard to see the future if the past is in the way
Can we find a way?

When the sun comes up tomorrow
Will You be there? Will You be there?
And if I fade away tomorrow
Will You be there? Will You stay here?

There is just one thing about You
It's hard just to live without You
So I'll just keep holdin' on

There's just one thing about You
It's hard just to live without You
So I'll just keep holdin' on

When the sun comes up tomorrow
Will You be there? Will You be there?
When the sun comes up tomorrow
Will You be there? Will You be there?

And if I fade away tomorrow
Will You be there? Will You stay here?
