Say it ain't so Joe, here we go
So writing words that'll flow, drop another verse 'til I'm
old
Hit 'em with a fat groove, make 'em jump back
Ain't givin' in 'cause we cut 'em no slack

'Cause the reason that we're here was to open up your
ears
Make you face all your fears through the years
Gonna let you know what we're all about
Gonna make you jump up, gonna make you scream
and shout

But not yet 'cause it's not time
So let me finish up this little rhyme
Cool, funk flow here we go step aside
'Cause we got something to do here tonight

We've spent a lot of time not knowing what we're
missing
Picking up the pieces of a broken heart wishing
That we could be moving on up
To the best side that's those heavens in the sky

I just wanna go
Jah will take me home
I just wanna show
This love that you should know

Just waking up to a new day
Got to step to the mirror 'cause I want to look the right
way
Step back to the Word, see what it has to say
Before I face another day

Ephesians 6:10-20 talks about putting on armor
You got to wear it daily 'cause the devil, he will harm
you
So everybody take it to another level
Everybody get 'em up and stomp the devil

I just wanna go

Jah will take me home
And I just wanna show
This love that you should know

I just wanna go
Jah will take me home
And I just wanna show
This love that you should know

Bringing it back to the way that love is supposed to be
We give you this song so you can clearly see
That your problems can be solved if you put your trust
in Him
His ocean of love can take away your sin

So listen up Jah people, if you wanna take the ride
You gotta feel the love, you gotta catch the vibe
A love that's never changing is what we came here to
show
We're here to tell you all about a love that you should
know
