Falling into a hole that I did not just dig myself
And here I go, it's all unknown
Come take my hand so I'm not alone

You slip away as I fall
Deeper and deeper I lose it all
And here I stare up at the clouds
Climbing these walls, thought I can't get out

Falling down to a man I never just wanted to be
And I can't hold back, I am falling right down
Help me

Never have I needed you now

I opened up for you to see
But further and further you slipped from me
I laid it down on the line
Waiting for you was my only crime

You slip away as I fall
Deeper and deeper I lose it all
And here I stare at the clouds
Climbing these walls, thought I can't get out

Falling down to a man I never just wanted to be
And I can't hold back, I am falling right down
Help me

Never have I needed you now

Falling
Feels like I'm falling down

Falling down to a man I never just wanted to be
And I can't hold back, I am falling right down
Help me

Never have I
Oh, why

Oh, never I wanted to be
