I'm a lover and a whore
And I've been rich but I've been poor
It's not over now

And the fortunes that we keep
Create bonds around our feet
It's not over now

Call me an ambulance
I'm fading away
I'm here overwhelmed
I'm here overwhelmed
Lost in the shuffle
I'll fall to the back
I'm here overwhelmed
I'm here... overwhelmed

And I've walked in the street
Had my head down in the feet
It's not over now

Taking for granted and I fell
Just to appreciate you now
My world's an island
Just waiting to be found

Call me an ambulance
I'm fading away
I'm here overwhelmed
I'm here overwhelmed
Lost in the shuffle
I'll fall to the back
I'm here overwhelmed
I'm here... overwhelmed

Can't let you down

And how do I begin?
Can I let you in?
And how do I begin?
Oh, how do I begin?

Can't hide behind these walls
The guard of every city falls
It comes crumbling down

And while your sister lies with me
Fortune smiles through broken teeth
Just waiting for you to lay her down

Call the ambulance
I'm fading away
I'm here overwhelmed
I'm here overwhelmed
And life in the shuffle
I'll fall to the back
Forever, ever stumbling down this path
