Show me a writer  
With a sad, sad song  
Who lived his pain  
Just stayed to long

Show me a fighter  
Fighting for his king  
His heart and blood  
Left in the ring

Give me a needle  
I can pass on through  
I'll take that chance, girl  
How about you?

Show me the lover  
Who when all seems lost  
Makes love to his grief  
Careless of the cost

Turn the lights on  
Turn the lights on  
Turn the lights on  
Turn the lights on

Show me a father  
With a broken son  
His face like stone  
Cold as a gun

There was a soldier  
Atop my crumbling walls,  
but wind and rain just  
drowned his calls

I know it's hard  
Not so hard to tell  
That my head don't  
Match my water well

Like walking listless  
Down a darkened street

I hear the drum  
I just can't keep the beat...

Turn the lights on  
Turn the lights on  
Turn the lights on

Been a while since  
I was on trial  
For the course  
My life has run

I haven't heard any words  
That that forgive the things I've done

So set a course for the north  
I'll be waiting for word to come  
Just come away  
Come away  
Come away  
Come away  
Way  
Come away, my son

Turn the lights on  
Turn the lights on  
Turn the lights on  
Turn the lights on
