[Webbie:]

Like that, like that  
Bounce ya ass like that, like that  
Bounce that ass like that, like that  
Bend over, let me see it from the back

[Hook: Webbie]

Like Beyonc?, like Trina (bounce that ass like that)  
Like a big booty ass black diva (bounce that like ass that)  
Like a stripper, up and down like Flipper (bounce that ass like that)  
Bend over, let me see it from the back

[Webbie:]

Double shots of Hennessy, let it get you groovy  
Gone work yo' ass, do ya thang, I'ma do me  
I done switched to doja and the swisher, got a room key  
Act like you auditioning for a video or movie  
Bend towards the floor I want your hands where your toes be  
I'ma squeeze all on you booty, all nasty  
Done made 18, girl I'm legal, you can harass me  
Cash and a Beamer, I can't seem to find a bad beat  
A big fat ass like Trina make me happy  
Titties shake, thighs shake, vibrate while she dancing  
Like to shake her ass like Ciara real fancy  
Wonder can Ciara shake that ass on this nine piece  
Betcha Jada Pinkett shake that ass real classy  
Ain't ready for the real, betcha she be lettin Will have it  
You see me I'm picky, I rate that ass  
I gotta ask 50 how Vivica shake that ass

[Hook x2]

[Pimp C:]

I sent my bitch to Las Vegas, go and hit that lick (hit that lick)  
I'm still tryna put some dick up in Vanity 6

Apollonia too (too), you know I'll bust you up (bust you up)  
I want some three-way love, head, pussy, and butt  
Ain't no shame in my game, I need a porno star  
Lemme hit ya in ya ass and play it back in my car (back in my car)  
I'm talkin Gin and Pepper, I know that she feelin me  
Take dick like a champ like a bitch named Kennedy  
All it takes for me, bone, neck, and lay in they house  
I know you real pimp niggaz, they know what I'm talkin about  
Tell that girl Keyshia Cole she need to give me some pussy  
She "shoulda cheated" with Sweet Jones 'cause that nigga's a rookie  
'Fore I sweep through ya pussy like ya need a ?  
Bitch thought Sweet Jones just might hit her  
I told her like this, she can swallow this skeeter  
Now hoe move around 'cause I really didn't need her

[Hook x2]

[Lil' Boosie:]

I want a face like Beyonc?, a smile like Ashanti  
Boosie and Paris Hilton, a caramel sundae  
Bust it back, wide open, lemme see yo' inside  
And lick yo' tongue at me (ooohhh!), that make my temperature rise  
Lookin for Teairra Mari, I can "make you feel good"  
Ciara can get it too, Olivia I'm feelin you  
I need lips like Fantasia, put me to sleep  
Talk nasty like Trina (ooohhh!), I need me a freek  
I like to lay back, fuck bitches with two or three Georgia Peaches  
They argue before they eat it, like Puffy they need Jesus  
Like to smoke a purple blunt while you play with that cock  
And while I knock off yo' top, I want Lil' Webbie to watch  
Yo gon' let Webbie see my candy, yeah? Girl that's how we play that there  
Eve? I better not see yo' tail nowhere  
'Cause I'ma talk that koochie out the drawers (say what!?)  
You want me to be Santa Clause, you gon' have to break it off like...

[Hook x2]
