

Darken My Grief

"Lament Of The Hopeless"

I've been set adrift by all this fake reality and all
Those lies,
By mild hypocrisy, half-pleasures and madness in
Disguise...
Always forced to choose between some lesser evils, I
have
Closed my eyes
And fake-believed the stone to be melted ice.

Ch: All those lies, all those lies you've been revealing
To me,
All this pain, all this pain that boils in me,
All this time, all this time I've wasted trying to see
Through this old veil of misconceptions and deceit.

... Lament of the hopeless...

Oh, but now I know my struggle's pointless and my pain
is
Here to stay
And I believe there is a way to get through all dismay:
To embrace and bend, to blind myself, to rot with this
Decay
You all pathetic hopeful, let me drift away!
