I know that you use to cry
Longing for love
Longing for love in your life
Don't be afraid I won't hurt you
I'll never take your love for granted
Don't be afraid put your trust in me
I'll make you smile
When the world's against you
I'll give you love
When you turn your back on me
I'll make you laugh
When all you wanna do is cry
I'll make you smile
When the world's against you
I'll give you love
When you turn your back on me
I'll make you laugh
When all you wanna do is cry
I'll give it all to you
I'd give it all to you
I'm the one that you been waiting for
Waiting for
Come let me hold you in my arms
Don't hold back anymore
The love we'll share is unconditional
Don't hold back because now we are one
I don't need another moment
Let's make this one last forever
Make this one last forever
Your love make my life worth living
And if there's anything you need or you want
I'll give it all to you
I'll give you love I'll give you joy
I'll give it all to you
I'll give you love I'll give you joy
I'll give it all to you
I'll give it all to you
