# "Eyes Of Argus"

Subject unstable  
In room 23  
One hundred eyes will liquidize  
Into a spiral sea

Silent remission  
Bipolar clone  
A black abyss, a mind amiss  
A soul that you've outgrown

Hydrating visions  
Into your head  
One molecule inside a pool  
A tear you dare to she'd

Altered reflection  
Casts a new light  
You know not who inside of you  
Mutating parasite

[Chorus:]  
Into the eyes of Argus  
Forever more  
Every breath upon us  
Opens the door

Inside your conscience  
What do you see?  
Delusion of illusion  
A blind anomaly

Calming contentment  
To straitjacket rage  
A day to night, a black to white  
A cretin to a sage

[Chorus:]  
Into the eyes of Argus  
Forever more  
Every breath upon us  
Opens the door

Dignified, justified, glorified

Nullified (dignified)

Vilified (justified)

Horrified (horrified)

[Solo]

Behind the window

Who do you see?

One hundred eyes will crystallize

Into a spiral sea

Silent division

Bipolar clone

A black abyss, a mind amiss

A skin that you've outgrown

[Chorus:]

Into the eyes of Argus

Forever more

Every breath upon us

Opens the door

Dignified, justified, glorified

Vilified (justified)

Mortified (horrified)
