Barnes

They took their armor off
Lain the weapons at your feet
Dashed upon the rocks
Fillings melted from the heat

That's like I read in the paper
Like a pen, like a pen, yeah
Battle likes a wicked good one
Darian, Darian, yeah
Landslide, going down, falling, stuck in traffic here
Landslide, going down, falling, watch the sun freeze

They took their armor off
Lain the weapons at your feet
Dashed upon the rocks
Fillings melted from the heat

It took the mail to fall in tow
It took the place of fallen snow
I don't know how it's frozen
I don't know what it's frozen

I found it in your file
That sea was made to burn
Like fire chaked? in wine
And not a soul was kept inside
That makes it still alive

And I can never go home now, stuck in traffic
And I can never go home again, watch the sun freeze

Away, away, away,

It took the mail to fall in tow
It took the place of fallen snow
I don't know how it's frozen
I don't know what it's frozen

It took the mail to fall in tow...I see now

It took the place of fallen snow...I see now
I don't know how it's frozen...I see now
I don't know what it's frozen...I see now

Feel so sick...I see now
Pay no price...I see now
Stray so far...I see now
Play no more...I see now

Feel so sick...I see now
Pay no price...I see now
Stray so far...He will wait for you
Play no more
