Goody for me!  
My favorite part.  
Good thing for you I didn't park far.  
Found out a way to kill the star.  
Plenty for you to throw in the car.

This is just a part of it you don't understand.  
How can every single thing distinguish a man.  
Picked up, looked, and torn apart in front apart in front  
of his clan.  
Didn't think it'd take this long to finish the plan.

She will find away  
To be rid of us.

A random pass today.  
We rode that far under.  
You feel that passing?  
Looking for you and went too far.

Goody for me!  
My favorite part.  
Good thing for you I didn't park far.  
Found out a way to kill the star.  
Plenty for you to throw in the car.

She will find away  
To be rid of us.

Bleeding down your side I'm waiting.  
Cast aside for time no bailing.  
This is how we feel complaining.  
She's inside I'm warned no shouting.

Punched out on time today.  
We rode that lunch farther.  
You keep on laughing.  
Gunning for you and slapped down hard.

Goody for me!  
My favorite part.

Good thing for you I didn't park far.  
Found out a way to kill the star.  
Plenty for you to throw in the car.

This is just a part of it you don't understand.  
How can every single thing distinguish a man.  
Picked up, looked, and torn apart in front apart in front  
of his clan.  
Didn't think it'd take this long to finish the plan. (3x)

This is how we feel complaining.
