hand me down halo
halo hello
hand me down halo

I saw you (I saw you)
asleep In the car (asleep in the car)
on the first wave out of a fallen town.

they follow to another cell (hand me down halo)
(halo hello)
they follow to another cell (hand me down halo)
to another cell (halo hello)

I watched you (I watched you)
from the bars of my room (from the bars of my room)
always got a suntan at the first light of every Sunday.
and your broken teeth, like a mangled screen
and your burnout smile on your ashtray face.

made me sick.
you always made me sick.
made me sick.
you always made me sick.

(take my cell now)
have a cigarette. have an omelet.
(take my cell now)
a little nasty. a little balloon.
(take my cell now)
have a cold sore. have a nightmare.
(take my cell now)
a little memory. a little history.

have a problem. have a collapse.
a little sympathy. a little sympathy. (made me sick. you
always made me sick)

(take my cell now)
have a pager. have a baby.
(take my cell now)
a little medicine. a little discipline.

(take my cell now)
have a lie down. have a sugar hand. (20, 40, 68...)
(take my cell now)
a little hassle. a little enemy. (20, 40, 68...)
(take my cell now)
have a number. have a wallet chain. (20, 40, 68...)
(take my cell now)
a little nickname. a little self pity. (20, 40, 68...)
